SMART ASSET TRACKING SYSTEM

Assets in Sight

One unified platform to control, optimize and protect every asset

Our asset tracking solution transforms fragmented asset records into a single source of truth, giving leadership and operations teams complete confidence in their asset ecosystem.

How Asset Tracking System Solves Your Problem:

- **Real-Time Visibility:** Provides real-time visibility into asset location, status, and ownership.
- **Automated compliance:** Enables instant audits, faster reconciliations, and proactive asset governance.
- **Operational intelligence:** Improves accountability, utilization, and compliance across the organization.
- **Executive-level reporting:** Empowers leadership with reliable data for smarter operational and financial decisions.
- **Loss Prevention:** Prevent loss and misplacement.
- **Easy Asset Audit Process:** Secure Asset Auditing and Authorization.
- **Increase Operational Efficiency:** Reduce manual tracking, speed up audits, and improve asset maintenance and availability.

01 EFFORTLESSLY MONITOR ALL ASSETS

02 REAL-TIME ASSET TRACKING

03 PREVENT LOSS AND MISPLACEMENT

04 STREAMLINE ASSET MANAGEMENT

05 DATA-DRIVEN DECISIONS

06 SECURE ASSET AUDIT & AUTHORIZATION

07 EASY ASSET AUDIT PROCESS

CORE FEATURES

Know Your Assets

Granular User Authorization

Precisely control who can view, edit, move, or audit assets down to building, room, or asset type level. Ensure secure access for administrators, managers, and technicians with clearly defined roles.

Dynamic Asset Audit Power

Perform fast, location-based audits with physical verification and compliance checks. Instantly identify missing, misplaced, or non-compliant assets with real-time audit reports.

Centralized Masters & Business Management

Centralize locations, people, compliance data, licenses, and schedules in one system to maintain accurate records and support seamless asset operations.

Software License Management

Track license usage, control renewals, and prevent service disruptions while ensuring continuous compliance and optimized license spending.

Real-Time Asset Monitoring

Monitor assets across rooms and facilities, receive movement and maintenance alerts, and maintain continuous visibility across your operations.

BENEFITS

Assets Under Control

- Prevent financial leakage
- Reduce insurance and warranty losses
- Improve capital asset ROI
- Strengthen audit and regulatory posture
- Reduce downtime and replacement costs
- Support leadership with live performance insights
- Instantly identify missing, idle, or high-risk assets

Real-Time
Asset Control

INDUSTRIES WE EMPOWER

Across Industries

AssetTrack Pro gives enterprises complete visibility and control over every asset across offices, facilities, and industrial environments.

With real-time tracking, intelligent monitoring, and centralized management, organizations reduce downtime, simplify audits, improve compliance, and optimize asset usage across their entire operation.

- Healthcare & Hospitals
- Manufacturing & Industrial
- Corporate Facilities
- IT & Data Centers
- Education & Research
- Retail & Warehousing
- Logistics & Distribution
- Stores & Business Centers

INTELLIGENT ASSET MANAGEMENT

Intelligent Tracking

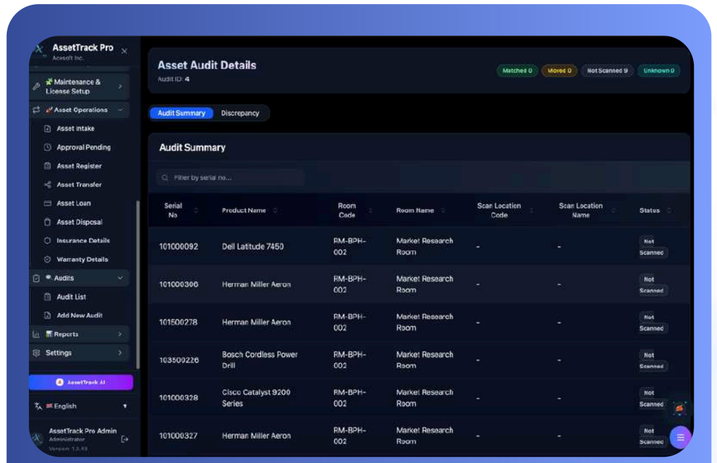
Instant visibility. Accurate audits. Smarter decisions.

REAL-TIME ASSET DASHBOARD

View assets, employees, audits, and values in one real-time dashboard with interactive charts that highlight status and trends helping teams monitor performance, prevent losses, and act faster with confidence.

Business impact:

- Immediate visibility
- Faster decision-making
- Improved control

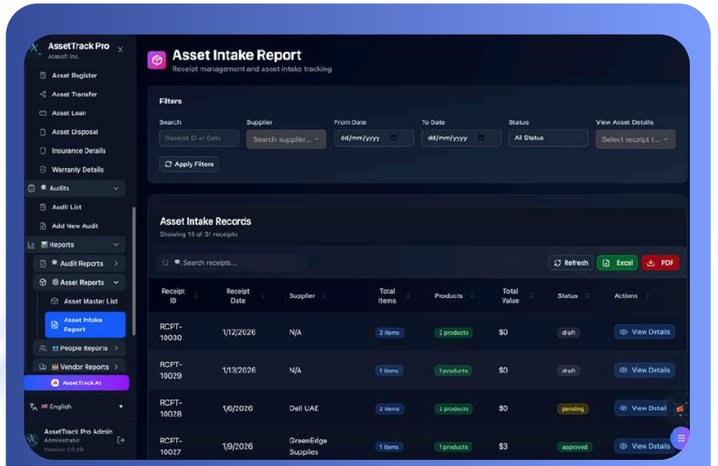


ASSET AUDIT OVERVIEW

Instantly review audit results with clear indicators for scanned, missing, moved, and verified assets. Quickly spot discrepancies, confirm locations, and maintain audit-ready records without manual effort.

Business impact:

- Faster audits
- Higher accuracy
- Stronger compliance



ASSET REPORTS & INSIGHTS

Generate powerful reports with filters for date, supplier, location, and status. Track asset value, approvals, and inventory movement while exporting audit-ready reports that support compliance and strategic decisions.

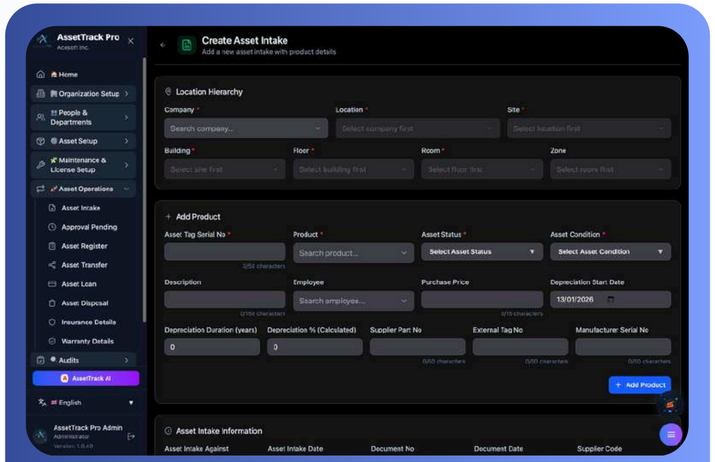
Business impact:

- Smarter planning
- Clear accountability
- Data-driven decisions

AI-DRIVEN ASSET TRACKING

Smarter visibility. Faster decisions. Total control.

AI-Powered Tracking

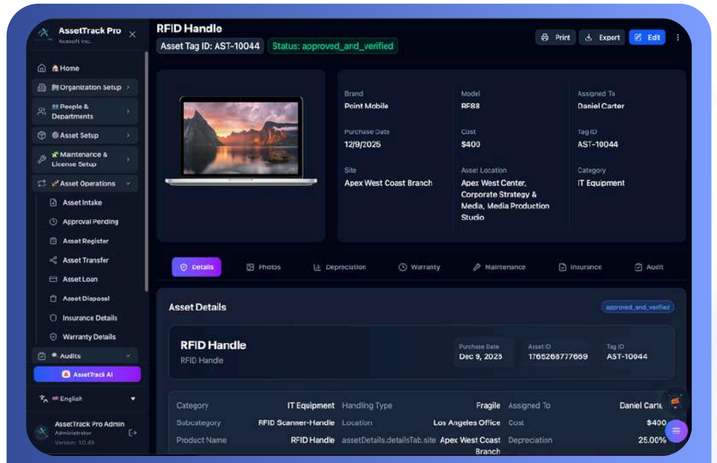


SMART ASSET ONBOARDING

Register assets quickly with key details like location, condition, value, and lifecycle. AssetTrack Pro ensures accurate tagging from day one for centralized tracking, audits, and compliance.

Business impact:

- Faster onboarding
- Fewer manual errors
- Immediate visibility

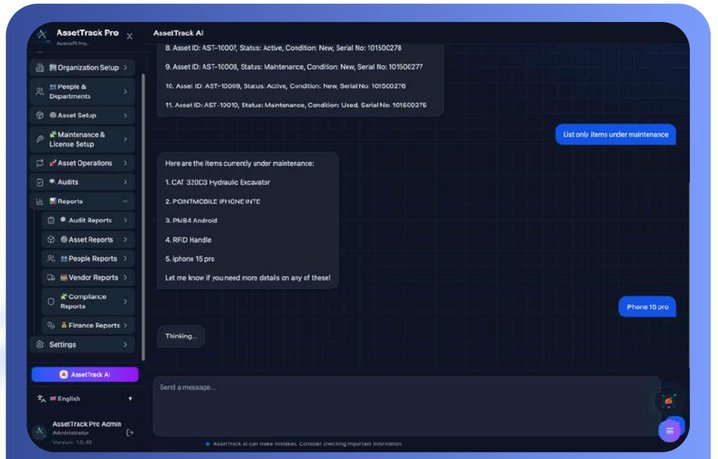


ASSET DETAIL MANAGEMENT

Access complete asset profiles including RFID details, assignment, movement history, warranty, cost, depreciation, and maintenance records. Enable faster audits, smarter decisions, and full lifecycle control.

Business impact:

- Quick audits
- Stronger accountability
- Better asset utilization



AI-POWERED ASSET ASSISTANT

Use the built-in AI assistant to instantly retrieve asset information, maintenance status, and compliance data through a simple chat interface. No searching. No delays. Just clear, instant answers.

Business impact:

- Reduced support effort
- Faster issue resolution
- Smarter operational decisions
